

Loomis Community Preschool - Classroom Volunteers
Evidence of Annual Influenza Vaccination or Declination
2017-18

California Law (SB-792) requires that all parent volunteers at day care centers, including preschools such as Loomis Community Preschool, provide proof of vaccination against measles, pertussis, and influenza. For the annual influenza vaccine only, you also have the option to decline immunization.

Child's Name: _____

Volunteer's Name: _____

Please complete one of the following options:

- A. Attach immunization record and/or signed physician/lab/pharmacy evidence of influenza vaccine received between August 1, 2017 and December 1, 2017.

OR

- B. Declination of Influenza Vaccination

Loomis Community Preschool has advised me of the CA State Law requiring that volunteers provide evidence of annual influenza vaccination. I am also aware that the law allows me to decline the annual influenza vaccination. By signing below, I acknowledge that I understand that influenza is a serious respiratory disease. I have educated myself and/or spoken with my physician about the risks and consequences of influenza to myself and those with whom I have contact. With this knowledge, I am choosing to decline the influenza vaccination.
